Qualification: Diploma Purchasing. BTech Logistics, Masters of Business Administration. Enrolled for Doctoral studies

Lebogang Letsoalo is a Supply Chain Coach and currently a Director of Sincpoint, an organisation focusing on sustainable supply chain advisory, coaching and optimisation solutions. Lebogang has 18 years of experience within different facets of the supply chain fraternity. Her extensive range of experience varies within different sectors of the business where she held different executive portfolios within the energy, chemicals and mining industry.

She is a former Vice President of Supply Chain in Sasol and has held Executive roles in Projects development, Capital Procurement and held other roles as Projects Procurement Coordinator, Materials Management Specialist and Procurement Technician within Eskom, DeBeers, Fluor and IBM. Lebo has in 2008 been profiled and cited on Financial Mail as one of the top 10 most inspiring women within State Owned Entities. She has also been nominated for Nomination for Global Business Leadership Award- International Conference on Gender & Sustainability- New York 2017

She is currently the Chairperson for the Manufacturing, Engineering and Related Services Seta. She was the Chairperson of the Southern Africa Shippers Transport & Logistics Council (SASTALC) which focused on supporting and advocating the requirements of shippers, service providers and government on all matters pertaining to: national and regional freight; transport and logistics legislation; policy and procedures for infrastructure; services that facilitate cost-effective, reliable, safe and globally competitive supply chains. She is the Director at Black Industrialist Group (BIG) and also the Founder and Chairperson of African Women in Supply Chain Association (AWISCA), the first and only association in Southern Africa focusing on functional mentorship and coaching in supply chain to build skills and capacity in the sector.

Amongst other roles held by Lebo, includes life coaching and mentorship, thought leader and a speaker. Lebo serves in various boards, amongst which includes, Booyco Engineering and Kwazulu Natal Maritime Cluster. Lebo continues to be a change agent in the Supply chain sector, influencing positive change in people and organisations. Her depth of knowledge and wisdom about socio-political issues has seen her give key addresses in different forums.
